

24 March 2014 10-17 Supervisors' Seminar: 3rd Cycle - Some Specific Challenges

Preliminary programme by
Nina Malterud, the Steering Committee
Ivar Frounberg, the Norwegian Academy of Music

Some 3rd cycle specific challenges will be the main focus in our 4th seminar since 2011 for the supervisors in the program. Different challenges will be addressed in three sessions. Some of these have been on the agenda also in previous seminars. Since then, new supervisors have entered the group, and we think that further attention will be valuable and constructive. As in our previous seminars, the most important work will be done in small groups.
